

TNP-TEAP TIME STORY

APRIL 2024

EDITION #3

It began with an
“Impulse to help the
Street Dwellers”

-TPWT-

Tulong Para sa Walang Tahanan

TPWT's Growth & Success “Who will I send to help my people?”

Kuya Rogie Singson and his wife, Ate Binggay, are members of Ligaya ng Panginoon. At the height of the pandemic in December 2020, they noticed the increasing number of homeless people along Macapagal Avenue in Pasay.

They DECIDED TO TAKE ACTION, even if it could be only a small effort. They started it all – funding, packing and distributing 30 food packs every week.

By March 2021, four other members of the Ligaya community joined them in organizing the work to be done. Eventually, they also were able to recruit and train nine volunteers among the poor they were helping. From Pasay, the work has now expanded to Roxas Blvd., Sta Mesa and Katipunan.

The whole operation now distributes **260 food packs and feeds 1,000 hot meals weekly to the poorest of the poor**. Thanks to all the people who are continually supporting this effort – through financial giving and donations in-kind. People are now approaching the team asking how they can help feed the homeless and hungry.

It all started in the hearts of Kuya Rogie and Ate Binggay. Some call it a **“SPARK”**, others call it an **“IMPULSE.”**

When the Singsons initiated TPWT, they did not envision that it would grow to become what it now is. Indeed, it was the **HOLY SPIRIT's leading**. God touches and uses ordinary people to do amazing and great work for Him. GLORY TO GOD!

TNP Leadership Training - Day 1-

TNP leaders are always looking forward to our ANNUAL Leadership Training!

Last April 21, 2024 at Lay Formation Center in Guadalupe Makati, our TNP brethren (both adult and youth) had a very fruitful, wonderful and Spirit-filled time with the different delegates from **14 TNP areas**. We are grateful for all our Speakers for sharing their knowledge and experiences.

Adult Speakers

Session 1: Roy Luna

Session 2: Reyson Lucido

Session 3: Jun Colina

Youth Speakers:

Session 1: Matt Filamor

Session 2: Cedric De Leon

Session 3: Abie Custodio

During the Q&A sessions, TNP leaders were very honest and brave to ask question about the real situations happening in their respective areas. The answers they got were very helpful, enlightening and they have gained insights on how to deal with it the next time they will encounter the same scenario. Brace for more, we look forward to DAY 2 of our training!
